

Transcription of Grand Jury Testimony, May 18, 2010

Unintelligible phrases are marked with a question mark in brackets [?], followed by dashes representing the approximate number of words that are unintelligible: [?----] means that approximately four words are unintelligible in the phrase.

Participants: Presiding Judge, _____ ("The Court")
Pastor Manning ("Manning")
Attorney _____ ("Mr. Counselor _____")
Female Witness, Miki Booth ("Booth")
Male Speaker, Unidentified ("Speaker 1")
Male Speaker, Unidentified ("Speaker 2")
Jury Foreman ("Foreman")

Manning:

We understand that a number of people were delayed by the rain process and accidents and travel, but I see that we have all of the jurors here. Congratulations. Good to see you today. Um, with that having been said, we would like to proceed with the balance of the case. We have one further witness we would love to call or would want to call. And then afterwards, we're going to offer our closing arguments and from there we'll be able to ah hand the case to the jury and they will be able to render their decision. Just a few housekeeping items and that is, of course, as you know, we are scheduled to ah do our march for today at the 7:00 p.m. hour.

That way, people will be able to ah participate who are presently at work and preferably the rain would have ceased by then as well. So we-- and of course, we're under constraint by New York City's parade and march permit, who stated that we would not be able to, because of activities at Columbia at present, they did not want us in the general area during this hour. So they restricted us until the 3:00 hour. We've chosen to do 7:00. And for those who ah would want to march with us, we pray that you'll um certainly find that a good hour for you. It will be very interesting tonight.

Ah, we have just one witness, Your Honor, that I would like to call. We want to thank all the witnesses who have testified this far ah for their, their sense of integrity, honesty and credibility. And that one witness would be um Miki Booth. And if we can, we'd love to call her to the witness stand at present. Yes, please.

Court Officer:

Good morning, would you please raise your right-hand and state your full name for this court.

Booth:

1 Miki Booth.

2 **Miki Booth, Sworn**

3 **Manning:**

4 All right. Um, Ms. Booth, we're delighted to um meet you finally. We have been made aware of your
5 work ah in the matter of Mr. Obama, his birth certificate, his sealed records in Hawaii, Honolulu, and ah
6 your efforts with the American Grand Jury's President, Bob Campbell (ph), ah to inform America ah
7 about the ah man that we have in the White House that many are referring to as "Our President." We
8 need just a bit of testimony from you today, not an awful lot, but you have something that's extremely
9 valuable to present, in as much as that it is our understanding that you at one point lived in Hawaii, is that
10 right?

11 **Booth:**

12 [Inaudible response].

13 **Manning:**

14 Why don't you tell us a little bit about who you are, before I ask the big question and I suspect that you
15 know what that is, but tell us a little something about who you are and how you've happened to be here
16 today...

17 **Booth:**

18 Okay.

19 **Manning:**

20 ...where you were raised and what you do for a living.

21 **Booth:**

22 Okay. That's a lot.

23 **Manning:**

24 Yeah, it is.

25 **Booth:**

26 Um, I'm originally from um ah Hawaii as ah my husband um and son were all from Hawaii. We moved
27 to Oklahoma in '95 because we kinda wanted to get from that liberal society and um, you know, come out
28 to Oklahoma where um we could have some land and I could have my horses. That's been my dream. So
29 when my husband retired from the Honolulu Police Department in um um '95, then we moved to
30 Oklahoma and ah I am the most a-political person you've met in your life. Never had anything to do with

1 politics, but as soon as I ah found out um about Obama, um, originally he sounded really good and ah I
2 set the request for to send \$75, I set it aside and ah um then I found out he was from Hawaii too.

3 So I started looking into this background. I wanted to find out all about him. And what I found out just
4 made red flags go up everywhere. Nothing about this man made any sense and I just ah, I sensed it as
5 well. I knew that, you know, this was wrong. And the more ah I looked and the more um frightening
6 things that I saw about his background, I just um decided at that point, I couldn't remain silent and I had
7 to tell all my friends in Hawaii, that they needed to really look at this man, and uh, unfortunately, you
8 know, Hawaii is such a liberal state, a Democrat state, that um even my, you know, friends and
9 classmates were pretty much telling me to, you know, shut up, drop it. We don't want to hear it. We're
10 going to vote for him anyway.

11 **Manning:**

12 Were you called a racist by your friends in Hawaii?

13 **Booth:**

14 Um, no.

15 **Manning:**

16 They didn't call you that?

17 **Booth:**

18 No. No. Hawaii um um where we grew up, there weren't um very many Blacks in Hawaii at all. Um the
19 ones that we did know were connected with the military bases, but pretty much um there weren't, you
20 know, um Blacks in Hawaii. Um there's, you know, predominantly Japanese, Chinese, Filipino, um
21 Portuguese, ah English, there's such a conglomeration of different races that ah race never played any part
22 in Hawaii for any race.

23 **Manning:**

24 Okay. All right. So you lived in Hawaii. Now let me ask you, you moved to Oklahoma in 1995. Do you
25 have horses now? Are you able to do that?

26 **Booth:**

27 I do. I have I have four now.

28 **Manning:**

29 What what kind of horses do you have?

30 **Booth:**

31 I have a a rescued racehorse. I have ah two other rescued um one is a quarter horse and one is a Arab and
32 um my one riding horse is a quarter horse.

1 **Manning:**

2 Where in Oklahoma do you live? I mean obviously not near one of the large cities. You must be in--

3 **Booth:**

4 Way out in country, in the extreme Northeast corner of Oklahoma. It's ah Ottawa County. A Democratic
5 stronghold, um Democrat ah Sheriff, um we've been ah wanting to change that, but again I never had
6 anything to do with politics until Obama came on the scene and now I've just been fighting ever since and
um ah for about two years now and I've been involved in fair tax. I'm the Community Coordinator for
fair tax, Oklahoma.

7 Um I'm also Community Coordinator for Resistnet.com for District 2, Oklahoma. And now um I'm
8 officially running for U.S. House Representatives, ah District 2, Oklahoma and I'm up against a Democrat
incumbent, six-term um Dan Boren ah who's got the family name and...

9 **Manning:**

10 Right.

11 **Booth:**

12 ...ah the entitlement ah.

13 **Manning:**

14 I, I saw you on television recently at a, the Tea Party first annual event down in Nashville. Ah you were
15 allowed to demonstrate your documents there and that's where I became mostly aware of you. I suppose
I'd read something about you previously. So you're now running for that Congressional seat in Oklahoma
in Ottawa County.

16 **Booth:**

17 I am.

18 **Manning:**

19 Okay. Well I wish you the best, all the best regarding that effort and I'm sure with the support of the
20 American Grand, American Grand Jury, and others around America, that ah you should be successful. I
21 don't want to hold-- keep you on the stand very long ah ah Ms. Booth, but the thing that caught my
22 attention about your presentation at the Tea Party was that you were holding a birth certificate and it was
a birth certificate from Honolulu and if I'm not mistaken, it was registered in the year 1961. Could you
23 tell us what that birth certificate is about and give us more details, if I have not outlined the question
appropriately?

24 **Booth:**

25

1 Okay. Um what I did at the Tea Party Convention, I held up my husband's birth certificate and my son's
2 birth certificate and they're both born in Hawaii, both born in Kapiolani Hospital, 30 years apart. And um
3 this is long form that everybody's talking about and what ah, what we want to see, because there's a big
4 difference between the um vault copy from Kapiolani Hospital and what I call the piece of junk that is put
5 on the internet that ah Obama, you know, has been touting that this is his birth certificate. He has not said
6 that he was born in Kapiolani, but others are saying it. It's others that are putting out the lie that he was ah
7 um you know, born in Kapiolani. Um but this doesn't say anything and the title, the title of it is a
8 certification of live birth. And over the years in Hawaii, anybody can get this. They can apply for it.

9 It's amazing you know, how many foreigners and how many hippies ah you know in Hawaii that have
10 children outside of the hospital that ah they have to papers to be able to go to school...

11 **Manning:**

12 Right.

13 **Booth:**

14 ...get their shots and all of that. So this is what they apply for and this what they get. So um I was
15 hearing that they changed, they no longer used the long form birth certificate when you apply for one, um,
16 where you can see this is microfiched. It's a, it's a actual copy. Um this one um you know was um
17 printed out. This was in ah 19 um 81, my son's...

18 **Manning:**

19 Okay.

20 **Booth:**

21 ...29 now, 28 now. Um but in '81, this was in 1949.

22 **Manning:**

23 Okay.

24 **Booth:**

25 Um, Obama's is um ah from 1961, but we don't know when um ah they forged this or supposedly applied
for this, we don't know that. Um but anyway, I sent off, or my son sent off, he's been ah-- my husband
and my son are both you know behind this all the way. They said that they'll do whatever for their
country. So I'll show these around any place, any any time, to anyone that wants to see them. But last
month we applied for um ah you know a lot, a new one because ah um lost or whatever and ah this is
what we got. And at first I was very dismayed to see that it represent uh resembles the one that he has,
but there's a huge difference between these two. And the main thing is that the title of his is a
certification of live birth. This just means a baby was born, a certification...

Manning:

Right.

Booth:

...of that birth. And my son's is a certificate of live birth. The other thing, too, is um over here ah the information about the parents and this establishes citizenship, his does not have that. So huge discrepancies. And this was just last month.

Manning:

Okay. So the recent one that you have is markedly different from the one that's been posted on Mr. Obama's website and also on Factcheck.org and several other places?

Booth:

Yes.

Manning:

Ah, and again, if I'm, I heard you correctly that many people in Hawaii have children perhaps that are born outside of Hawaii, simply apply to the Hawaiian Department of Health for a birth certificate and Hawaii issues them, but there might-- the children might be able to go school and other things that they would need, ah, Hawaii issues them a certificate of live birth.

Booth:

Certification.

Manning:

Certification of live birth.

Booth:

Yes.

Manning:

Now what's the difference between certification and certificate? What's the difference between the two?

Booth:

Ah what you were just saying about they can apply for it and maybe they weren't born in a hospital um and so they apply for this, because it's a-- it says that it's a facsimile uh or I'm sorry, prima facie evidence of the fact of birth in any court proceeding. So you know, basically they're just saying, yeah, a baby was born.

Manning:

Right.

Booth:

Um and and that's the um-- well this is certificate. This is my son's, but uh this one is a certification of live birth. That's the big, that's the difference.

Manning:

Are you aware of the ah newspaper postings of the birth of Mr. Obama in 1961 in two of Hawaii's Honolulu's newspapers?

Booth:

Yes.

Manning:

You're aware of that. Ah, is it customary for parents to post the birth of their children in newspapers in in Honolulu? Is that something that's...

Booth:

Yes.

Manning:

...normally done?

Booth:

Yes. There is not um you know a set standard on how that got into the newspaper, but you could surely call the newspaper um say a, a, a grandmother living in Hawaii is proud of the fact that her daughter in California had a baby. So um she would um you know either call it in or write a form um the facts of this birth. So it doesn't name the baby, it just names uh you know the parents had a baby and then the address.

Manning:

Well you, you, I'm, surely you're not ah an official, legislative official of um Honolulu or Hawaii, but I, I-- can you reasonably answer this question and I think you've done so, but I just want to be clear, that by the posting of a, an announcement of birth in the newspapers does not have to be verified by the Department of Health. In other words, you can put it in the newspaper, the Department of Health will not challenge it...

Booth:

That's correct.

Manning:

1 ...whether it's true or not.

2 **Booth:**

3 That's correct. Yeah, that's true.

4 **Manning:**

5 I see. So birth announcements can be placed all day long and the Department of Health will not take any
6 interest in it [?--]...

7 **Booth:**

8 That's true. In the same way that because of privacy laws, that if somebody um because of
9 embarrassment of something would not want that announcement in the newspaper um they can request
10 not to put that in the paper as well. Works both ways.

11 **Manning:**

12 All right. Ah, is there anything else you'd like to say? Okay.

13 **Booth:**

14 No.

15 **Manning:**

16 Well I think you in 10 minutes have said a whole lot.

17 **Booth:**

18 Okay. Can I have your...

19 **Manning:**

20 I'm just curious...

21 **Booth:**

22 Uh huh?

23 **Manning:**

24 I'm just curious why um someone in the Senate, someone in the Congress, someone in the Department of
25 Justice, no one has asked you from Honolulu with births in Honolulu to give testimony to this fact. Why
is it that no one's interested in what you have to say in terms of this birth certificate issue? It seems to me
quite vital information.

Booth:

1 I have no idea. Well, I know Hawaii would not touch me with a 10 foot people. You know they're,
2 they're scared of me because ah I'm actually speaking up where nobody else will. Um it seems, I don't
know. Can I have one more minute? You asked me...

3 **Manning:**

4 Yes.

5 **Booth:**

6 ...ah what I did for a living. Um I worked about 25 to 30 years in the hospitality industry and travel
7 industry in Hawaii. And um um you know for the wholesale market and ah that's been my background is
a hotel.

8 **Manning:**

9 Okay. Well we want to thank you for coming to testify. Ah, being part of the American Grand Jury and
10 lending your expertise to this trial. Thank you, Ms. Booth.

11 **Booth:**

12 Thank you.

13 **Manning:**

14 Your Honor, I'd like to off-- you dropped something Ms. Booth-- to offer the evidence that has been
presented be recorded and received as evidence in this trial.

15 **The Court:**

16 Yes.

17 **Manning:**

18 If we have any copies of those certificates...

19 **The Court:**

20 Yes.

21 **Manning:**

22 ...that they might be a current part of the record ah and we'll get them back to you. Someone will make
23 copies of them.

24 **The Court:**

25 You'll want the jury to be able to take a look at them.

1 **Manning:**

2 Yes, I would like for them to be able to examine those documents. Your Honor, at this time, we have no
3 further witnesses and the prosecution wishes to rest its case ah in this matter, and ah at this point we will
give the defense an opportunity make its claim or to state whatever defense it would like to present.

4 **The Court:**

5 Is there anyone present from the defense? Bailiff?

6 **Bailiff:**

7 Anyone here for the defense at this time?

8 **The Court:**

9 Okay, well, okay in that case, you might as well go on with your ah, your statement.

10 **Manning:**

11 Okay. All right. Well we have no one from the defense present. I would like to give what we will refer
12 to now as our closing argument. At the outset of this trial, as many of you have been following some of
the statements we've made on the Manning Report and also on You Tube, we promised you during the
13 course of this trial, we would present an eyewitness to the facts that we were alleging, regarding Mr.
Obama, his attendance at Columbia University, his involvement with the CIA. We also promised you
14 that we would present a high ranking official who would also give testimony at this trial validating the
statements that we have made, the charges that we have outlined, and ah the direction of which we
thought the verdict should be rendered.

15 We also stated that we'd be, would be presenting Columbia documentation regarding the absence of Mr.
16 Obama at the university and college called Columbia. And that there would be CIA documentation
presented at this trial. Those four things we wanted to present and we stated that we would and we
17 simply want to outline them and remind you of them, that the integrity of this prosecutor and this court
remains intact, that we have kept our promises, albeit there's some variation. And let me explain to you
18 what I mean by that.

19 Number one, the eyewitness that we wanted to present at this trial was Wayne Allyn Root. Wayne Allyn
Root was a student for four years in the political science program at Columbia University. He stated that
20 he would testify, he would put-- testify personally, then by Skype, and indeed we had ah lined him up to
be a witness on we believe what would have been the 16th of May day of testimony. We did not get him
21 in on that day. He called asking for an opportunity to testify on the following day which would have been
the 17th. Um, we arranged for-- and then on the morning of the 17th, Mr. Wayne Allyn Root called and
22 stated because of ah other interests that he ah is pursuing that he found his advisors were state, stating to
him that it would be ill-advised for him to testify.

23 However, he was cordial and respectful of the Court by calling, by agreeing to ah to be present as an
24 eyewitness and on last night, someone sent me an article, I think it was Ms. _____ (ph), stating a very
long and winding article that Mr. Wayne Allyn Root wrote, affirming that he had agreed to testify, that he
25

1 was going to testify, that he had been at Columbia for four years. He never knew Obama, never met
2 Obama, never met anybody who knew Obama, and ah that those statements remain ah his testimony.
And he also affirmed in this article that's now been posted online, that he was going to be an eyewitness
in, at this trial.

3 I'm going to ask ah if Elizabeth Manning would print that article out, that we might have it entered as
4 evidence, that Mr. Wayne Allyn Root would have been our eyewitness as promised and has officially
5 stated that he did not know of a Mr. Obama, never heard of his name, being the Class Leader, Class
6 President. He didn't know anyone else that knew, knew Mr. Obama and I think that's quite telling from
Mr. Wayne Allyn Root, graduate of Columbia University, Class of 1983, the same year that Mr. Obama
would have graduated.

7 We also promised you a high ranking governmental official that would also testify at this trial. We were
8 making lofty claims ah during the process of preparing the trial date and putting together the information.
That high ranking official would have been Mr. or Dr. Alan Keyes, beloved by many Americans as a
9 statesman, as a high ranking official, one who has ran for President himself, and one perhaps many of us
would pray was now the President rather than the person who allegedly is holding the office in the person
of Barack Hussein Obama.

10 I want to also state that Dr. Alan Keyes, our high ranking official that we promised and committed, did
11 agree to testify. He agreed to be here to take the stand and to give his observance of where our nation is
and what he believes about Mr. Obama as a Muslim and as a Marxist. Dr. Alan Keyes, like Wayne Allyn
12 Root called me personally on yesterday morning before the trial proceedings got underway and stated
because he was involved in several other court cases at the federal level that his advisors were saying to
13 him that he could very possibly prejudice the cases that he is pursuing and cases that he has joined with
others and they are pursuing, if he brought himself to this trial and made any official statements.

14 And after much struggle over the decision, he reached a decision that he would not come. However, he
15 did state he does not believe that the court system at present, the way it is presently structured in our
nation, will render for him or anyone else with a court case against Mr. Obama, a fair and just decision.
16 Those were his words. So he wasn't very optimistic or hopeful that he would be successful with any case
presently ongoing that he might be a part of. I accepted Dr. Keyes explanation for not being present. I
17 bid him well and he did the same for me. It is our intention to maintain a fellowship, to work together in
the future, but certainly I do not hold any ill feelings against Mr. Wayne Allyn Root or Dr. Alan Keyes
for their decisions to not participate.

18 But I think their very presence and their honoring of the Court, the phone calls and the statements, is
19 indeed sufficient. We also promised documentation regarding Mr. Obama's not being present at
Columbia University and that we would present that proof to you. The documentary that was put together
20 by Bill Hemmer from FOX News, that you witnessed on yesterday, I believe if my memory serves me
correctly, documents unequivocally that FOX News, who is touted to have the best research department,
21 news department in the news business today, and let me tell you why I believe FOX does have the best
research department.

22 They came in at the last of the cable news organizations and they came in with a different perspective,
23 more of a conservative perspective. All other media are mainly liberal. And ah it was FOX's contention
to never be challenged on any report that they made. Being a reporter myself with the Manning Report,
24 bringing forth information, sometimes we get it wrong. Sometimes we make a statement or we report an
item that is not as accurate as we would want it to be. And it's very painful when you have to re-establish
25

1 or re-state or retract a story. So FOX News understands clearly before they break a story, they want to
2 make sure absolutely clearly that this story is factual, that it is true and that it is-- it cannot be
contradicted.

3 So when FOX News presented a documentary by Bill Hemmer that um that Mr. Obama alleged
4 attendance at Columbia University could not be witnessed by anyone of 400 people that were a part of the
Columbia graduating class, a part of the Columbia faculty, and people in the environs, 400 people. And it
5 was not as if some may have heard of him, but were unable to recall any interaction with him, the
resounding response from all 400 people interviewed by FOX News, was we don't know him. We've
6 never heard of him. You need to know that FOX News was prompted by a statement given by George
Stephanopoulos, who was likewise a graduate of Columbia University, political science major, and ah a
graduate of the class, I believe of 1982, who stated that he also, likewise, like Wayne Root and others,
7 never once heard the name Obama, did not know the man.

8 Um and we wished to present that evid-- that documentation, documentary as documentation in the
strongest sense of the term that FOX News validates my claim. But FOX News not only made such a
9 statement; later, the Wall Street Journal picked up the information that FOX News had presented and they
ran a story on the same item. Obama's missing years was never at Columbia University. Again, so the
10 documentation is two-fold in two of America's most prestigious news dispensing organizations. FOX
News and the Wall Street Journal have both posted stories that they could not find one person that knew
Obama at Columbia during the years he alleged to have studied there.

11 Now, the third-- fourth item of our documentation that we committed to you, would be to demonstrate
12 that Mr. Obama was recruited by the CIA while a student at Occidental College and through a
cooperative deal with Columbia University, who sponsored and gave cover for Mr. Obama ah to go to
13 Karachi, Pakistan and thusly into Afghanistan, Columbia would give sponsor and reason for his
education, any questions asked about his whereabouts, would simply that he, that is at Columbia
14 University outside of the Occidental community where he was very well known and if-- where he could
be absent and people would want to know why.

15 And so, we're going to demonstrate that further in our closing arguments, the CIA if you will,
16 involvement of Obama documented. What I would like to ask the Court, Your Honor, to do at this time,
is to reinstate the charge of sedition. We had earlier asked if the ah-- and we used the word delineate
17 rather than delete, we had wanted to remove the charges in the indictment of treason, sedition and
espionage. However, information that has been brought to my attention shortly after we made such a
18 request demands that this trial, this Court deliberate on the charge of sedition. A brief description of
sedition is an attempt to overthrow the present and standing government and generally by violent means.
19 You can find that charge already listed in our roster of charges in the contained-- in the ah indictment.

20 I'd like to ask the Court's permission to reinstate that charge and that the charge of espionage and treason
remain deleted and sedition be reinstated, if that will please the Court.

21 **The Court:**

22 It is so granted.

23 **Manning:**

24 Thank you, sir.
25

1 [Pause]

2 Your Honor, I have a statement that I wish to enter as evidence from a former KGB, CIA ah investigator
3 or security person, operative if you will, and I would like to ask if the Bailiff would give you a copy and
4 that copies will be handed out to the jurors and I pray that we have sufficient copies for the jurors. In the
event that we run short, um, we will ask the jurors to please share.

5 [Pause]

6 Your Honor, this um statement was sent to me on Friday evening after a phone call from a person
7 identifying himself as Mike. His name is Mikael Grazonskini (ph), if I'm pronouncing that correct. I'm
probably, excuse me just one moment.

8 [Pause]

9 Again, Your Honor, I received a phone call after Friday's ah proceedings, the first day of the trial, from--
we're going to call Mikael, Mike, so I don't have to go through pronouncing his name--

10 **Speaker 1:**

11 Krezonoski (ph).

12 **Manning:**

13 Krezonoski?

14 **Speaker 1:**

15 Yeah, Krezonoski.

16 **Manning:**

17 Krezonoski.

18 **Speaker 1:**

19 Yeah.

20 **Manning:**

21 All right. If you say so. Mr. Krezonoski identifies himself to me on the phone as a KGB officer and also
22 a CIA officer and one who has worked with Barack Obama and the millennium, Millennium Hilton
Conspiracy. And he addresses this letter that he sent to me-- first, he stated that um Mr. Obama did work
23 for the CIA during the four years in ah Pakistan and Afghanistan that we have outlined. He iterated, as
did my first caller, we'll state in just a moment, that there was nothing untoward about Mr. Obama
24 working for the CIA, helping in the effort of the overthrow of the Soviet invasion, supplying the
Mujahideens with the force, the military and the logistics in order to be able to defeat the Soviets, that

1 there was nothing untoward about that, it wasn't illegal and that Mr. Obama spent four years at that particular assignment from 1981 to 1985.

2 And he went on to say that um he acknowledged that-- and that my statements were clear that there was
3 nothing wrong with his having served our nation. I also stated upon first becoming aware of this
4 information, that I didn't want to present it because it made Mr. Obama look like a patriot and I'm not sure
5 that I wanted to mislead anybody about his services. So for a few months upon first hearing this
6 information, I would not divulge it. But let's now see what Mr. Krezenosoki has stated and we'll try to get
7 some explanation of what we understand and move on.

8 I, I plan to read the letters addressed to Pastrick [sic] Fitzgerald (ph) it should be. There, there's a G
9 missing in the name. At some point we're going to see the Russian President, there's going to be the Boris
10 Yeltsin is the name, there will be a couple of alphabets missing from his name as well. But the letter is
11 addressed to the Justice Department to the federal investigator, federal prosecutor, Patrick Fitzgerald.
12 And "Dear Mr. Fitzgerald, I have nothing to lose," states Mr. Krezonoski, "I have nothing to lose after
13 I've refused to participate in FBI and CIA, FBI conspiracy, which I call Millennium Hilton Operation. I
14 have no money, no job, no permanent place to stay. I'm telling you the truth and sending you a set of
15 special questions related to the U.S. national security or rather its absence.

16 I name people who have to lose a lot, millions of dollars, power, influence, popularity. They will lie to
17 you once you start investigating into their anti-American activity, except Bill Clinton, the weakest link
18 who knows what lying under oath means and how impeachment looks like. A good thing is, America is
19 no more on their side. I understand that I violated Intelligence Identities Protection Act of 1982. There is
20 no other way to bring to justice Bill Clinton, who initiated the left wing conspiracy and Barack Obama,
21 who's covering it up. I also understand that I risk my life and the last thing I want is a staged suicide with
22 a fake note in the pocket, I did it myself, life has no sense." And then he affirmed, "Life has sense, and
23 liberty too. I hope you'll inform people about your investigation. You can reach me via my email
24 address."

25 Now I want to just stop there before we go into this questions is that Mr. Krezonoski is Russian. I spoke
to him. He has a heavy Russian accent and understanding and you'll notice that his writing kind of
depicts the fact that he doesn't use English extremely well. So some of the things may be a little bit
backwards, such as life has no sense. An American would say, life makes no sense. Um, I think that, um,
when he said we're not on America's side anymore, he meant that America's leaders are not on the side of
America anymore. That's just that uh that we might clearly understand how deeply his Russian roots are.
And he signs it, a former communist KGB intelligence officer and also a CIA, FBI Filament (ph). And he
polls this for the Justice Department, Patrick Fitzgerald, if I can just give a word about him at present. I
was late looking for more information.

Patrick Fitzgerald, at one point was my hero. Ah, during the close of the 2008 campaign, Patrick
Fitzgerald was looking into the selling of the Senate seat in Illinois and Governor Rob Bogoyevitch'
involvement in there and that Senator Jesse Jackson, Jr. I believes involvement, Valerie Jarrett and a host
of other Chicago politicians, including Tony Rezko. Patrick Fitzgerald, the Illinois State Prosecutor, I
mean incredible prosecutor, was tenaciously pursuing evidence regarding Obama's involvement with
Tony Rezko, Governor Bogoyevitch, Valerie Jarrett, and a host of others. And he had announced that an
indictment would be handed down against persons involved, as early as December.

Now the election took place in November as you will aware, are aware of. And every day on the
Manning Report, I was excited about the tenacious-- it looked as if this person, Patrick Fitzgerald, was

perhaps the last person in America who had some authority to pursue the law and was doing it vigorously. Well December came, no indictment. January came, no indictment. Time moved on, no indictment. In fact, the special prosecutor, Patrick Fitzgerald, kind of moved off the scene and we never heard of him again. You need to understand who he is and that he has been given another position and the responsibility of prosecuting Rob Bogoyevitch has been taken away from him.

I might want to remind many of you that during the early years of the Clinton administration, shortly after his election and during the time of his election, that there were allegations raised against Bill and Hillary Clinton of a scheme called White Water. The bank that Hillary Clinton had worked for in, in Little Rock and purchasing of land that was valued and then devalued and a ton of money was made in the process. Well that haunted Bill Clinton right through his election and into his presidency. And one of the first acts of Bill Clinton as President, I believe America at present and still does have-- at that time and still does have 100 federal special prosecutors with several districts. And Bill Clinton, in order to remove the continued questions about his involvement in White Water, fired all 100 prosecutors to get rid of the one prosecutor that was pursuing him regarding White Water and then reinstated prosecutors that would be friendly to the Clinton cause and Clinton administration. Some of you may have remembered that during the Clinton years.

The same thing has now happened with Obama-- Bogoyevitch, Tony Rezko and a federal prosecutor, Patrick Fitzgerald. Having said that, Mikael, I'm still going to call him Mike, has stated several questions that the federal prosecutor should ask of Bill Clinton and here they are. Number one, did you sanction or order CIA Director John Deutch to recruit a former KGB officer, Mike, as Filament. In 1995, and I think Filament, I'm not clear exactly what that term means. I suspect that it, it's a code name for the operation that Mikael was assigned to. But let's continue. If yes [shuffles papers] okay, if yes, explain the purpose of the recruitment. And then he states what he was hired for. He was hired to teach Democrats how to build Socialism in America. Turn CIA into a superpower and keep the nation under control. That is the reason why Mike was hired by John Deutch.

Now, we're gonna demonstrate or at least we'll present information-- I thought I brought it down with me-- John Deutch was the appointed CIA Director for one year. I think the year was '95 to '96. John Deutch is Russian born. His elementary education was at the Sidwell Friends School in Washington, DC. He has a Ph.D. in chemistry, was recruited by the Clinton administration to head the CIA. John Deutch also became a double agent while working for the CIA. In doing so, he would take classified information, transfer it to his computer, and de-classify it and then his computer and de-classified information would be accessible to anyone that logged on to his office computer for information. He was brought up on charges for this. Never fully tried or convicted. He was accused as a traitor. And one of the last acts of Bill Clinton as President was to pardon John Deutch.

But Deutch was brought on board to overthrow this nation using the CIA, to build the CIA as a superpower. He took his orders directly from Bill Clinton and further investigation into John Deutch, Bill Clinton demonstrates that that is exactly what took place. The question goes on. The questions from Mikael goes on. Did you order to grant Filament immigration status or political asylum, in as much as that Mike is a Russian. Did you sanction political murders and surveillance of Republican Senators and Congressmen? In other words, Bill Clinton, did you approve of murders of Republican Senators and Congressmen? Did you use Filament's professional election technologies?

Now the reason why we want to reinstate the charge and want you to deliberate on the charge of, of sedition, is because obviously I'm becoming aware of, and I think the American people should become aware of, that there's a system now in place called the Professional System that's controlled by the CIA in

1 cooperation with the KGB to manipulate elections. That no matter, no matter how honest or candid or
2 powerful or desirous you may be, there's a system in place that will prevent you from being elected. I
3 suspect that it first started with the office of Presidency, but I'm convinced that you could barely get any
4 Congressional seat or Republican seat, because the, this professional system is in place.

5 Let me give you an idea, example, of what I want to express. Um, excuse me just a moment.

6 [Pause]

7 According to this statement from Mikael, there is presently installed by Bill Clinton, the CIA, and staff
8 members, a political system that will keep, that will vote in whoever the system approves or will keep out
9 whoever the system disapproves. The questions continue that the Justice Department should ask of
10 former President Clinton. Why did you pardon former, a former CIA Director, John Deutch, the only
11 Russian CI Director and a suspected traitor in 2001? Did you recommend President Barack Obama to
12 hire your former Senior Advisor, Rahm Emanuel, as the White House Chief of Staff? And your former
13 Chief of Staff, Leon Panetta as CI Director? If yes, why did you do that? To keep building Socialism
14 according to KGB instructions.

15 Now all of us know as a matter of public information that the Obama administration is simply a
16 continuation of the Clinton administration. The two most powerful men in Washington, the White House
17 Chief of Staff, that is a position of absolute power. It was given to Bill Clinton's Senior Advisor, Rahm
18 Emanuel. Uh, Leon Panetta who served as Bill Clinton's Chief of Staff has been given a CIA position
19 directing-- I don't know if you all remember some discussion about why on earth is Leon Panetta, who
20 knows nothing about intelligence, given the Director of the CIA.

21 And there was a fight going on between Janet Pelosi and the uh Leon Panetta and members of the CIA.
22 It, it got quelled, but we can see that the people that are now serving Obama are Clinton's people. And
23 the reason why there is a continuation, is because there is a continuation of an attempt to destabilize this
24 nation and implant, implant socialism and Rahm Emanuel, White House Chief of Staff, and Leon Panetta,
25 CI-- CIA Director, they are integral to this process.

Number seven, are you personally involved in any kind of anti-American activity? Are you ready to
cooperate with the Office of Special Counsel? Now the next category or segment would be questions for
Leon Panetta, Chief of Staff to President Clinton in 1994, 1997. He was appointed CI Director by
President Obama in 2009. Now just to recap, I need to let you know, I did speak with Mikael on-- by
phone twice on Saturday night, Friday night, I'm sorry. He stated that he would come and meet with me
the following day, but then cancelled that meeting and has rescheduled to meet at another time. But he
sent me this that I might be able to present it to you today.

In 1994, 1997 you sat in on daily intelli-- these are questions for Leon Panetta-- daily intelligence
briefings as President Bill Clinton's Chief of Staff. What did you know about CIA hit man Filament, the
Millennium Hilton, CIA operation and KGB political technologies introduced by him to the White
House? What did you know about him as CIA Director? Questions continue. The CIA operatives
informed Filament that intelligence abroad is not among priorities for the agency. Now this is a little bit
the way a Russian thinks. It is not clear English. What he's getting at here is that right now the CIA is
not concerned about Russia or they're mainly concerned about American intelligence.

That the CIA operatives, the Office of CIA, they're more interested in watching us, than watching Russia.
It is the spirit of patriotism that threatens them more than communism from-- and that's what he is trying

1 to say. CIA operatives informed Filament that intelligence abroad is not among priorities. It's not a
2 priority anymore. What is a priority are people who are standing up to this administration. Number three,
3 CIA granted Filament a special status to do in Washington, DC, whatever he finds necessary. Did that
mean a license to kill? Filament asked for a job in Europe but CIA instructed him, a professional spy,
sniper, and KGB nabut (ph), special anti-terror group member of political murders in the U.S. and
surveillance of U.S. senators and representatives who are on the assassination and surveillance lists.

4 Again, the language is a little bit confusing and then he goes on to say, is CIA specifically targeting
5 Republicans? If yes, give the names of the Republican law makers. Number five, in 1991 through 1992,
6 former KGB spy, Karanovski (ph), worked in Russian for SBU or the Security Service of the Ukraine.
Intelligence under the cover of political analysts. He had to penetrate the Kremlin and influence Russian
President Boris Yeltsin. It-- you see name is misidentified. That was Boris Yeltsin, who was the Russian
President at the time, who at the time opposed the independence of the Ukraine. That's why after he came
7 to the U.S., the CIA wanted to use his experience in Congress and the White House.

8 Did you want him to be a Senator? In other words, Karanovski is stating that he should have been put on
9 the list to become a Senator or Congressmen, because of his expertise in disrupting the American
government, or perhaps, if you notice the next statement, a U.S. President. He stopped cooperation with
10 you in 2000, saying your Democrats lost the White House and you picked up another Communist who
worked for you before, Barack Obama. And by before, he is referring to the four years that Obama
worked for the CIA in Karachi or in Afghanistan. So when this agent was ah refused to cooperate ah with
11 the CIA um was not given the opportunity to be a Senator or U.S. Congressman or perhaps President,
they found another Communist who could do the same thing and that person was Barack Obama.

12 Statement is very clear. But you still need Filament for what? For the 2012. Now what, what will
13 happen in 2012 is anybody's guess. It goes on to state that you are currently involved-- or are you
currently involved in any kind of anti-American activity? Did you get orders from President Barack
14 Obama to watch, compromise, blackmail or kill any Republican politician? If yes, are you ready to
resign? CIA is pressing Filament in every way. He couldn't bring his family here for 10 years. He can't
15 get citizenship. His life is a disaster. Does that mean you want him back for political murders?

16 Category number three, Rahm Emanuel, Senior Advisor to President Bill Clinton for policy and strategy
in 1993 to 1998; Chief of Staff to President Barack Obama since 2009. You served the Senior Advisor to
17 Bill Clinton for policy and strategy in the years mentioned, what do you know about the FBI, CIA,
Filament, and the Millennium Hilton operation? Did you use KGB political strategies and methods
18 described by Filament in his profession-- or professional system to help Bill Clinton get re-elected? Are
you currently using his White House special handbook to assist President Obama in reforming America
19 into a socialist country? Are you, were you involved in any kind of anti-American activity? If yes, are
you ready to resign?

20 Question for Janet Aponatono (ph). In 2010, Filament created the U.S. National Security System for
21 Homeland Security Department. How do you use it? Next category for Robert Mueller (ph). What do
you know about CI, FBI, CIA hit man Filament? At CIA secret meeting place, New York Millennium
22 Hilton, Suite Number 311, Filament was introduced to his FBI contact, National Security Division agent.
Does that mean that the FBI is also involved in anti-American conspiracy, political murders, and
23 surveillance on the U.S. Senators and Representatives? In 2002, George W. Bush sent inquiry on
Filament's case to the Department of Justice and it was blocked. Are you responsible for that? If yes, tell
24 us why ah you is Filament so important that you risked your career by ignoring the U.S. President's
inquiry.
25

1 How FBI National Security Division intended to use Filament if CI, CIA gets him back. Are you, were
2 you involved in any kind of anti-American activity? If yes, are you going to resign? Question for Hillary
3 Clinton, New York State Senator, 2001 to 2009, appointed Secretary of State by Barack Obama in
4 January 2009. Number one, in June 2001, Filament warned you on National Security collapse. CIA, FBI,
5 conspiracy and his personal situation after he informed President Clinton and CI Director George Tenet
6 that he is out of the game. In August 2001, you promised support. On September 11, 2001, terrorists
7 attacked America killing 3,000 only in a year you finally decided to help Filament's family come to the
8 States. Are you involved in CIA, FBI conspiracy?

9 Are you ready to take personal responsibility for the 3,000 deaths of innocent people killed by terrorists
10 on September 11th, 2001? Did you get any recommendations from your husband, President Bill Clinton,
11 on Filament's case? Are you ready to help Filament now to stop conspiracy? Have you ever been
12 recruited by the CIA? If yes, after being elected U.S. President-- these are questions for Barack Obama,
13 pardon me. Number one, have you ever been recruited by the CIA? If yes, after being elected the U.S.
14 President, have you ever get instructions from CIA to use KGB political technologies introduced to the
15 White House by former KGB Officer and CIA, FBI Filament? What do you know about Filament?

16 Did you use Filament's propaganda or mind control technologies to win 2008 Presidential elections? Are
17 you currently using these KGB technologies to keep America nation under control? Are you currently
18 using KGB technologies on how to manage the White House and control the U.S. Congress? And in
19 2008, you made the following statement. We can continue it to rely, and I quote, we can continue to rely
20 on our military in order to achieve the National Security objectives that we've set. We've got to have a
21 civilian National Security force that's just as powerful, just as strong, just as well funded. Unquote. Paul
22 Brown, a Republican Congressmen, is sure that you want to establish a Gestapo like security force to
23 impose Marxist dictatorship, but in fact, you mean KGB with its totalitarianism [sic], control, mind control
24 methods, the one Filament instructed documents ah Democrats about. Is that true?

25 Did Bill Clinton recommend you to appoint Leon Panetta as CI Director and Rahm Emanuel as your
Chief of Staff? Are you personally involved in any kind of anti-American activity? If the U.S. Office of
Special Counsel investigation proves that, are you ready to resign or rather risk the possibility of
impeachment? Are you hiding any information pointing to CI Director, CIA Director Leon Panetta and
Chief of Staff, Rahm Emanuel as co-conspirators? Have you ever received information from CI Director
Leon Panetta about CIA assassinations and surveillance lists target, targeting Republicans and
Congressmen? Filament was ordered by CIA to penetrate the U.S. Congress under cover of political
scientists with the help of James Billington, Congress Librarian. Is this operation currently in progress?

If yes, who is responsible for it and who's currently involved in it? On March 24th, 2010, Filament
received an invitation for a dinner with Barack Obama at New York's St. Regis Hotel at 6:00 p.m. on
Monday the 13-- May the 13th, signed by Ian Sugar (ph) who is a Democratic Congressional Campaign
Committee Director of Development. Are you going to talk to Filament about assassination of your
Republican enemy, enemies? Um I have here, Your Honor, pictures of Mr. Karanovski um and questions
that have been listed and posted ah before having sent them to me ah in terms of validation and also
information about Patrick Fitzgerald and this continual use of the term Fitzgerald and I would be
corrected if we're not talking about Patrick Fitzgerald, but I'd like to enter these statements into evidence
in this court.

The Court:

Okay.

Manning:

Um, pardon me. On the 16th of November in the year 2009, I was visited by the CIA; I being James Manning, was visited by the CIA Homeland Security and the New York City Police Department. That visit took place here in this church where we're now holding court, albeit in my Pastoral study is where the actual meeting happened. Following that visit by the CIA, the following Wednesday, which would have been the 18th, if I'm correct, I received a call from a defective [sic] CIA agent that a hit had been put out on me by the CIA. That I was slated to be assassinated and that such a hit or assassination was called for before the visit by the CIA officers, Homeland Security and police department that showed up on the 16th of November.

The person who had been charged or given the assignment of assassinating me, refused to carry out or execute the order. After some months, the CIA decided to come and visit with me and they did. They were here for just a few moments and they left. Ah prior to that, I was informed or shortly thereafter, pardon me, I was informed that Obama was a CIA operative in Pakistan and Afghanistan during the war years from 1879 [sic], ah 1979 to 1989. His years would have been from 1981 to 1985, four years that he served the America as a CIA operative during the Afghan war. The caller also informed me that Obama is still a member of the CIA. In fact, he runs the CIA at present. He then told me that I was not. The assassin who was scheduled to assassinate me, refused the order. And that the visit was simply to determine who I was, by the officers who came on the 16th of November.

He then told me that I needed to look in the appropriate places about information about Mr. Obama and that place would be Columbia University. That Obama never attended Columbia, because he was in Karachi or in Afghanistan during the years he alleged to have travelled or have been in Columbia University. The agent, who did not identify himself, told me Columbia is where I should look for the birth certificate. Now he didn't mean that Obama's birth certificate is the Columbia archives. He simply meant that all things you need to know about Obama can be found out by going through the door called Columbia University and I started my pursuit.

He also stated if, well I'm stating I, but if you are alive in 2010, that is proof of the statements that he's making regarding the refusal about the, first of all the hit, the assignment and the refusal. That if I made it to the year 2010, for these statements came in November of 2009, it would be proof that Obama's activity with the CIA is larger now than it ever was. He did not attend Columbia University and that he was indeed an operative during the Russian invasion of Afghanistan. Um I after receiving such a call was concerned about the validity, because I've received a lot of calls from people stating a lot of different things.

But that it was on the heels so closely of an actual physical visit of members of Homeland Security, the CIA, and the police department, I took it seriously. And it was indeed, and I began to pursue. However, I was reluctant as I've stated on some of my postings, I was reluctant because I didn't want to follow up on Obama being involved in the CIA helping the Afghans win the war against the Soviet invasion. That would have made him look good and I was not in the business of doing that. But after some thought, when January 1st came in and I shared it right here in the pulpit, 2010 I was yet alive, I was a happy man. I went on from that point on to pursue questions regarding Columbia University and you began to hear me over a period of months talk about that he never went and I spoke very emphatically, very clearly that he never attended that school and he never did.

1 Ah, and it become abundantly clear that as shrewd as the CIA ought to be, Columbia is a glaring mistake.
2 It is a major mistake. They just didn't cover their tracks very well. Um, and that it was an open door.
3 And we've now come to the point where we are now in this trial with the information that I have
4 presented and how it was prompted through the phone calls, through the visit of America's CIA or KGB
5 Security Systems involving me. I would think that many would know the reason why Obama ordered a
6 hit or the CIA is because I have been a very staunch opponent of him. I have been speaking the truth on
7 him and my silence would perhaps, he thought would have helped his cause. Um, once the trial got
8 underway, our first day of trial was the 14th of May. Mike, who we now know, and there's public
9 information here that's been posted in other places, was sent to me, um, called me to express um, his
10 informant status and the accuracy of the information that I am presenting.

11 Now in as much as I want to submit this information into evidence, I'd also like to, Your Honor, at this
12 time demand that the Justice Department open an investigation into the alleged hit or assignment that has
13 been placed on my life. As an American citizen, I feel that I have, in fact, I'm confident that I have the
14 right of free speech. I have said nothing about Mr. Obama that is not covered by the Constitution. And
15 for the intelligence agencies of Russia and of America to work a technology or assignment to silence me,
16 is not only wrong, but every American ought to be concerned about such an assignment. And I want to
17 demand, as of today, that the Justice Department open an investigation to find out, did Obama order a hit
18 on me and why, and is it still invoked?

19 That is to say, even though the operative told me if I lived through 2010, it would validate the things that I
20 have stated or would be stating in this trial. However, I've also been informed that once you make it to
21 the CIA list of suspects, you remain there for life. I want my name removed. I do not want to be
22 questioned or accosted every time I enter into Washington or any place where the alleged President may
23 be appearing, I do not want to be harassed or intimidated. I want an investigation from the Justice
24 Department and I want them to remove my name. I've done nothing that's un-American. I've said
25 nothing that's un-American. I've done all things that are, are American, sense of a patriot. I've stood
26 firmly in this community and declared by love for the nation. I have a right to oppose those that I feel in
27 my heart of hearts are against this nation. And I demand that such an investigation be ordered and the
28 truth be made known and my name be cleared.

29 The other item, Your Honor, I'd like to state at this time is that being aware of the level at which this trial
30 is affecting not only America but the world, what we're doing here has shaken the foundations of
31 presidencies around the planet. They are very much aware. And I understand as well that rather than
32 them being honorable by sending a representative, whether they respect this Court, they should respect
33 the Constitution. The arrogance of the Obama administration, the CIA and others is off the charts.
34 Rather than sending someone to defend them by way of an attorney and to give a representation or make a
35 statement, what they have done instead is sent operatives to sit in on us. I'd like to ask at this time, under
36 jury tampering laws, that should it be found that someone has been influenced or sold their vote or that
37 such person was sent for the purpose of disrupting justice in this court in trial proceedings.

38 That should it be determined either today or any day over the next 10,000 years, that that person will be
39 duly punished for tampering or altering the system of justice in this trial proceeding. I'd like to further
40 state that we want to give the foreman of this jury, the discretion ad-hoc, in his wisdom, if he determines
41 that there is a juror who fails to recognize the Constitution as the ultimate law, not anyone's opinion, but it
42 is the ultimate law. It has nothing to do with your race, but it has everything to do with the American way
43 of life. The simplest interpretation, the simplest article in our Constitution is that of a natural born citizen.
44 It doesn't take a rocket scientist to figure out what it means.

1 There have been several demonstrations in this trial of what a natural born citizen is. And anyone in the
2 process of deliberation who fails to acknowledge that and would wish to contend that somehow or
3 another, there remains some other idea about natural born citizen, I want to ask, for the sake of our nation
and the power of this Court, that the foreman of the jury would be allowed to remove such an obstinate
person, for it then becomes clear that they're not seeking justice, but they're there to disrupt the process.
And I believe that the jury, the foreman, would be able to have such wisdom.

4 Let me again state, that Obama is not a natural born citizen. Therefore, the U.S. Constitution makes it
5 clear that at present, we have no President. Simply by voting for him, ah inaugurating him, if he fails to
6 meet the standard, had we voted for a 29-year-old man or woman, and the people overwhelmingly cast
7 their votes for him because he told them that he was 35 years of age and he went on to be inaugurated and
later it was determined that he was only 29. At that point, and throughout the process, we never had a
President, because he did not qualify and it is not the voting for the President that qualifies him, it's the
voting that elects a qualified President. And there's no argument on that. Now people do argue it, and
many times they argue it because they've failed to honor the Constitution.

8 But he is not natural born and that is clear. And one of the documentaries we saw, presented by Dr. Ron
9 Poland, who stated the Supreme Court ruling states that both parents must be American citizens and born
10 on American soil, as Alexander Hamilton stated in his article that American citizens grow from the soil.
The greatest witness to the fact that Barack Hussein Obama is not a U.S. citizen, comes from the Senate
11 itself, in a resolution called Resolution 511 that was voted on in June of 2008. But it wasn't on Barack
Hussein Obama that such a resolution was voted on, because there was a question raised by the Senate.
12 And we have to remember, the Senators ah for the most part are very learned men. Many of them are
lawyers, doctors, judges, men of grave influence, great influence. And they recognized that there was a
question about John Sidney McCain the III's eligibility to serve as U.S. President. That there was a grave
13 question.

14 In order to make McCain qualify, they voted and put together what is known as Senate Resolution 511
that O-- that McCain was indeed eligible. It did not state that he was natural born. That he was eligible
15 to run. I need to under-- indicate that that Resolution 511 demonstrated by former Presidential candidate
Cody Robert Judy of Utah, that that resolution was non-binding. It had not been voted on by Congress,
16 nor had it been signed by the President of the United States. So therefore, it was just an idea that was
borne out of the good old boys club in the Senate, but it had no power. What it did do, however, it was a
17 contempt of the Constitution. There was an effort by the Senate to circumvent or to usurp the authority of
the Constitution, stating that if the Senate gets together and decides someone is eligible, no matter what
18 the Constitution says, the Senate overrides the Constitution.

19 That is a usurping, it is a contempt for the Constitution, and those Senators who tried to get John McCain
qualified through the backdoor, need to be brought up on charges. But what that does more effectively, if
20 John McCain wasn't qualified, then we know Barack Hussein Obama was not qualified. There, there's no
question about it. There's no question about it. Barack Hussein Obama states and has continued to state,
21 as demonstrated in his book, Dreams from my Father, that his father was a Kenyan under British
nationality. He cannot be natural born. There is no argument. There is no argument, unless you just
22 want to argue that which is not true. The hearts of American people have grown cold against truth and
justice and evil. Socialism has now set in. We need to change that today.

23 I also wish to submit, Your Honor, that the gaffe or statement made by Presidential Candidate, Senator
24 Barack Hussein Obama, regarding his travel to Kenya, I mean to Pakistan in 1981 was not on what has
been discussed in the media and by others, that he traveled on an Indonesian passport. He did not.

1 However, I do wish to state that when he made that statement, it had not been publicly made known and
2 so therefore the State Department, CIA, had to go in to the CIA or the passport office, pardon me, State
3 Department Passport Office, check the records. Even though you do not travel on American passport, in
4 the entry or exit of this nation, ah by any person, foreign nationalist, national or American is registered
5 with the passport office.

6 If you were here and you left, it is registered with passport office. So whatever passport he may have
7 used, it was recorded the day he left, and it was recorded under what passport he used to exit America. I
8 want to submit, well first of all, when he made that statement, it had not been protected. Therefore, the
9 passport office had to be broken into and a young man by the name of Lieutenant Carl Harris (ph) lost his
10 life to stop the investigation from moving forward, to protect Barack Obama. I'd like to submit that the
11 passport that Mr. Obama used to travel to Indonesia was a Kenyan passport. That he was set up by the
12 CIA as a Kenyan businessman, sent to Karachi ah to begin to help the CIA arm the Mujahideens. That
13 his passport then and today remains a Kenyan passport.

14 Now during the time that he lived or aided the Mujahideens, he lived at the Hilton Hotel in Karachi, and
15 of course, spent time in Afghanistan with the supplying of arms and logistics and training and intelligence
16 work. His mother, later, ah was given a very cushy job with the Asian Development Bank also in
17 Karachi, that we heard testified to by Al Landry on yesterday. I would also like to state that through Al
18 Landry's testimony yesterday, we were able to discover that the ah in the Pakistan registration registry has
19 listed Mr. Obama, President of the United States, but as Kenyan born and let me tell you why. Because
20 Obama registered with the ah Pakistani government, the five years-- the four years that he was there as a
21 Kenyan. So all transaction was as if he had come from Kenya, remote from America, remote from the
22 CIA, and therefore there was less suspicion about him and he was able to do his covert, if you will,
23 operations there in ah Pakistan as a Kenyan.

24 He is listed in the registry of official records ah in Pakistan as a Kenyan as we heard demonstrated
25 yesterday in the testimony of Al Landry. I might also note that as recent as a couple of months ago, a
26 parliamentarian at an official of the Kenyan Parliament, stood and declared in the official record that
27 Barack Hussein Obama was born in Kenya. Many of you are aware of that. If we need to present that
28 document to you, we can get it, but I'm sure you've all heard that by now. You probably read it and
29 witnessed it. Now this is not just some person from the street stating that Obama was born in Kenya. It is
30 an official of the Kenyan government. The fact that at present if you check the registry for Kenya for ah
31 Indonesia, I'm sorry from Pakistan, you'll find that he's listed also as a Kenyan.

32 Obama's Kenyan grandmamma named Grandma Sarah, has stated over and over again, that her grandson,
33 Obama, was born in Kenya. In a recent statement, ah before the lesbian and gay group in Washington,
34 DC, Michelle Obama stated that her husband homeland was Kenya. Now, if we can get people from
35 Honolulu or from the Kapiolani Hospital or someplace else to come with that kind of fire power, saying
36 he's born in America, I'll drop the case. But when you got a Kenyan parliamentarian, you've got the
37 Indo-- you've got the Pakistani registry, you've got his grandmamma and you've got his wife saying he
38 was born in Kenya, he was born in Kenya. He's a Kenyan. He's not an American. He is not natural born
39 and that needs to be clear.

40 The FOX News and we demonstrated that yesterday, Wall Street Journal, George Stephanopoulos,
41 Wayne Allyn Root-- now the hour is well spent and I'm not going to tire you out with the very long
42 statement that Wayne Allyn Root wrote and posted on his website on yesterday defending himself. Ah
43 people are coming out of the woodwork because of this trial. Never mind who you see in this audience,
44 it's reaching the world. What we're doing here this very moment and we give God the praise. Wayne
45

1 Allyn Root who had agreed to testify in these court proceedings received such an avalanche of Columbia
2 alumnus and people of the Libertarian Party and Obama supporters asking him not to give his credibility
3 to this trial and he folded. But he didn't fold in a negative way. He continued to maintain the integrity of
4 his relationship with me. He continued to maintain and affirm that he never saw Obama, while he could
5 not verify that Obama was not there, that was not what he was called to testify to. But he continued to
6 state what he had previously stated; he never saw him, never knew anybody who saw him.

7 All the statements he'd made over the last couple of years, he did not detract from any of that. But rather
8 went on to state that he does not believe in conspiracies and he loves his university of Columbia and you
9 can imagine that the people, people from Columbia, the alumnus, all of the people are grad-- are calling
10 him and asking him, what are you doing? You're marring our school. Well he's not marring the school.
11 The school is marred because of who-- what it is and what it has done. Wayne Allyn Root has spoken.
12 Why has not Columbia? We also pointed out yesterday that there are glaring misstatements in the book,
13 Dreams from my Father, and I want to state that I am convinced that Barack Hussein Obama did not write
14 that book, nor did he carefully monitor what was being written in the book.

15 The book was written by someone who did not know Harlem, had no idea of what the rhythm of this
16 community is about or the spirit. It's just a glaring outright lie that has been perpetrated on the American
17 people and we pointed that out yesterday in the evidence with regards to the statement of Obama
18 declaring his first night in New York was likened to Jesus' first night in Bethlehem. There is something
19 that I think Mr. Wayne Allyn Root stated in his ah statement that we will enter into evidence on
20 yesterday, he said he never saw Obama. And he says it in such a way as that you know it's, it's, it's
21 unusual, but maybe Obama just chose to never go to class and he was willing to receive what is known as
22 a gentlemen's C. Hand in the paper and whatever grade you get, you get.

23 There are a couple of questions I, I would like to ask Mr. Root about that though. One is is this. Even if
24 you never go to class, someone has got to be the teacher in the class, and you got to hand your papers in
25 to the teacher. The teacher must make the assignments. The teacher must outline what the course of
study is, what books should be read and what reports. Maybe if you're studying biology or zoology, you
don't have to interact with students. But I would guarantee you, without fail, in order to be a political
science major, you must be able to debate and interact with other students. There is no way you can be an
Ascetic, a Monk, in a political science program. You must interact with other students, because that's
what it's about. It's about debate. It's about ideas, exchange of ideas. So to have never gone to class is an
impossibility.

But moreover, for Mr. Root, one of the things that we do when we go to school is that if we're looking to
go to further school careers, if you're an attorney or you're a doctor or you're-- you want to get the best
grades you can get while attending school so that you can be hired by the best company. They look at your
grades, your transcript, if you've done well, you are allowed into the greater law firms, hospitals, medical
practices. To have, for Mr. Root to conceive of Obama getting a C and then using that grade structure to
apply for Harvard is ridiculous. You don't get a C throughout the process of your undergraduate and then
apply to the toughest law school in America. It just doesn't make sense. In order, in order to be accepted
at Harvard, I'm sure not only are your grade requirements to get a 3.5 or whatever is required, but there
need to be other things in your transcript about your debating skills, about your personality, about your
interaction, about your understanding to [?]. Because there are a lot of smart people; I know a lot of
people with great brains, but they don't have enough sense to go around the corner by themselves.

You must-- Harvard looks at all those things. And I gotta tell ya, were I the Registrar at Harvard, and I
received the application of a person who never showed up for class, only turned in, handed in papers, we

1 hardly knew what he looked like, I'd be afraid to bring him into the Harvard envir-- he may be a serial
2 killer because nobody knows who he is. So all that [? -] is nothing but hogwash, buffalo chips. It is not
3 true. He never attended Columbia and that's a fact. Now one may be willing to swallow all of that, but
4 there's another issue that is a stated fact, that Americans are willing to mortgage, to give this great land of
5 America away to Socialism without question and that fact is this. This man, Barack Hussein Obama, has
6 sealed every one of his records from kindergarten through his alleged presidency. And not only are they
7 court ordered sealed, but they are CIA sealed. And when the CIA seals something, you ain't never gonna
8 see it again.

9 Now there must be something wrong in our land. There must be something wrong. We have to be
10 dealing with a spiritual problem now. For any logical thinking person to accept Barack Obama as their
11 leader, having sealed all of his records concerning everything he's done in life and they have no questions.
12 There is something spiritually wrong with a person who does that. What are you hiding and why? And if
13 you are not intellectually, integrally moral enough to ask the question, what are you hiding? Then I want
14 to know what's wrong with you? What's wrong with America today? What's wrong in our nation? It
15 isn't about race. It isn't about the fact that the man is Black. It isn't about Democrat or Republican. It's
16 not about conservative or liberal. There's needs to be the integrity in the hearts of the people on the
17 streets of America to ask the question, Mr. Obama, what are you hiding and why are you doing it to
18 tenaciously?

19 This is not something that is normal. This is not something that is acceptable. Only criminals act in a
20 such a manner and behavior, and Obama is the most notorious criminal that has ever walked the face of
21 this earth. But we're going to leave him alone for just a moment and during your deliberations I want you
22 to consider the spiritual state of America that refuses-- you can consider him natural born and you can go
23 with that. You're wrong, but to allow his records to be sealed, I said-- we have three schools here.
24 Wonderful schools, wonderful children. And um I said to the public, I said, you know, if Mr. Obama
25 graduated from Columbia, why can't we show the students of this school, which is right across the street
from Columbia or right down the-- seven blocks away, his grades, what classes he took, so they can
prepare themselves.

Why are the children in this community kept from looking at the performance, the grade point average,
the courses, why are the Black children in the community, or any children from anywhere, kept from
reviewing this man's grades? And all we get back is silence because we are losing something quite
integral in our nation as a people. What you have heard me read, our nation from Mike, demonstrates that
our nation is being destroyed. There is a plan afoot to turn to this nation into a Socialist nation. Let me
share something with y'all. And I suppose I've thought so hard about this, because my life was challenged
by my government. If the boys in the street wanted to hit me for whatever criminal dealings then I could
understand that. But when my-- when my life is challenged by my government, I've have to think very
long and pray very hard about this.

And let me tell you what I've discovered. As Miki Booth indicated, as a, as a true American, and that
statement ought to be heard around the world, when she saw this man there were just so many questions.
And she wanted to, wanted answers. All of the answers that she got and I'm kind of adding um we're not
good, is he a Muslim? Is he a Christian? Is he a Communist? Is he a Marxist? All of these questions
that we never got an answer and when we asked it, we were told, you're racist. We asked such questions,
we were told you're a Bertha (ph). We ask is he a Muslim? You're a hater. You're a kook; you're a
wingnut. We're just asking a question. Let me state emphatically here now, that Obama is a Muslim.
Make no mistake about it. Let me tell you why. And he should not be even near the Office of President,
but again, we've lost something in this nation and the church has failed us.

1 Dr. John [sic] Drew testified and you heard the testimony here in this courtroom, that while at Occidental,
2 John Drew, Professor John Drew, graduate, Dr. John Drew, graduate of Cornell University, established
3 the Marxist club at Occidental College and then went on and later Obama came and became a member of
4 the Marxist club and you heard him testify they had some interaction, but he testified that Obama was a
5 deep and a passionate Marxist. And he said it over and over again in the interview. There was no doubt
6 about it that Obama was a Marxist and he saw the world through Marxist ideology and that he was a
7 Marxist, and very clearly so. But there's a paradox, because while at the same time being a Marxist, the
8 only friends that he had-- he has never had a Black man as a close friend or associate.

9 The only friends that he had were Mohammed Hussan Shandu (ph) who they lived together in a big house
10 in the hills of California, rode around in a BMW, wore nice clothes and went to parties, often. Another
11 friend of his was ah Waheid Hamid (ph), also a Pakistani Muslim. Very close friend of Obama and one
12 who participated in Obama's election by raising funds for him. Became a bundler (ph) and Shandu who is
13 now involved in um financial activities which is nothing more than a front for CIA operations in Asia and
14 Islamic nations, but a good friend of Barack Obama. Another friend, Shiho Sadiki (ph). Now these are
15 people, if you look at the records that was presented by FOX News and others, these are Obama's closest
16 boyhood friend and young man friend. You don't have Frank Johnson, Bill Smith, you know, Leroy
17 Jones, none of those names are associated with Obama.

18 He never associated with Black people. The record is clear who his friends were. But what I want you to
19 deliberate and what America needs to know is-- because you would wonder if you are a Muslim, why
20 would you accept Marxism? But what has been consistent in the, in the warped mind of Barack Hussein
21 Obama, is that he can live with a Marxist ideology and a Muslim religion, demonstrated by his deep
22 passion for Marxism at Occidental and his close relationship with Muslims as friends. Do you understand
23 what we're expressing? He had no problem between the two. So even now as he holds the office,
24 Marxism he can enjoy or Communism, and also Islam, and he does not find a conflict in the two.

25 Lieutenant Terry Lakin, Lieutenant Colonel Terry Lakin, medical doctor, 18 years service in the armed
services, has refused to deploy. Lieutenant Commander Walter Fitzpatrick, Major Stefan Cook, and
Captain Pamela Barnett and others who have served our nation with distinction, put their lives on the line
that we might enjoy freedom, are now alleging that this man is not capable, that he is not Commander-in-
Chief and that they will not follow any of his instructions. They have done what all Americans should do.
They have stated and they have put their money where their mouths are, by putting their careers and their
lives on the line. And should the Obama administration use its power to court marshal them, so be it.
Obama is provoking our nation and in a radical and a social upheaval way, he wants this nation to be a
socialist nation.

As passionately as I would desire America to become a Christian nation, and trust me, I make no bones
about it, I would love to see this nation wholly and fully Christian and I get up every day to preach that.
Every day I get a preach so America will become a Christian nation. With the same strength and zeal,
Obama gets up every day and wants this nation to be a Socialist nation. And that's just the facts. That's
just how it is. I ah, I'd like to ask you people as I'm finishing my summation now um and this matter will
be given to you, I'm asking you to save America. Some of you may have been sent here to defend
Obama. But you know, someone stated that if they come for me in the morning, they'll be back for you in
the evening. During Hitler's time in Germany, and Hitler began to ravage the Jews, to destroy their
businesses, to dismantle their structure of finances, and little by little taking some things from them and
other Jews who saw that happening say, well he's not-- he's only dealing with bookkeepers, he's not
dealing with bankers and so I won't say anything.

1 And finally he left the bookkeepers and moved on to the bankers and he began to ravage and destroy the
2 bankers and marginalize them and take their property. And the bankers and the others and the educators
3 were saying, well, he's only dealing with them. He's not, he's not after us. We won't say anything. And
4 lo and behold, as time marched on by the silence of those who should have stood up at the first instance
5 of Hitler's tirade and prejudicism and genocide towards the Jews, but were silent; we're not talking about
6 Christians, we're talking about Jews who should have stood up and stopped him then for their own good.
7 They said, well he's-- I've got a good living here, my children are doing well and I've got a great business
8 and ah I'm able to travel back and forth. I'm not going to get involved in politics and cause-- lose all this
9 good that I have.

10 Until Hitler knocked on their door; the Gestapo knocked on their door. Dragged their wives out by their
11 hair and put them on those trains and sent them to Auschwitz, but then it was too late. It was too late.
12 You may have come today with the purpose stopping that Manning guy, stop him. He's just jealous of
13 Obama. He hates him and we need to stand up for the President. Let's stop Obama-- stop Manning
14 rather. That may have been your purpose and maybe someone convinced you, get on the jury and try to
15 stop this process in going forward. Because if a guilty verdict comes out of this church, it's going to rock
16 the world and everybody knows it. It's going to rock the world. Stop it. Do your part. But if they
17 threaten my life today, they'll threaten yours tomorrow. You know the funny thing about evil and
18 dishonesty, it's got no place to go.

19 It's a cancer. Truth moves from one height to the next, and the song goes, it moves from every round,
20 goes higher and higher with truth and justice. But evil continues to feed on itself until nothing is left. It
21 even destroyed the progenitor of evil. It has no place to go. I ask you to save this nation. Save my life.
22 Save the life of your children. Don't let this great nation be destroyed by Obama. Bring back a guilty
23 verdict and do it quickly, because he's guilty. If he's not natural born, every dollar he raised during the
24 campaign was a act of fraud. Every television commercial, every ad he put out, every speech he made, if
25 he's not qualified, if he's precluded by the Constitution to do so, then each one of those are separate acts
of fraud. He's guilty.

If he had attended Columbia, you've gone to college, you've been to school. There ain't no way anybody
from your college class will say they don't remember you. There is just is no, there is no way. Now, if
you ask the people at Saint Andrews College, did I attend there? They'll say no. They don't remember
me, because I was never there. We have an opportunity here today to save this great nation. When the
revolution started. When the Americans, the colonies, decided that they were no longer, longer going to
take the oppression of the King of England, and though it had its mighty marching armies and great
powers, a few people got together and decided we're going to take a stand. And as it was, a number of
Americans supported England's continued taxation and maniacal government policies. And a segment of
Americans were neutral.

They said, well, I'm doing okay. I mean I don't really mind what's happening and it was left to a precious
few Americans who started the Revolutionary war. And I thank God that they did. We have a great
opportunity here to do some wonderful things. You bring back a guilty verdict and the world will be set a
right. It will be the very beginning of a strong foundation of America and everyone will be running
around talking about, they did it under the Constitution. It was under the strength of the Constitution that
they acted. And who can argue with the Constitution. I'm asking you to save America and save America
now. Find Obama guilty as charged of sedition. And sedition meaning an attempt to overthrow the
government; the use of professional technologies to bring socialism and the use of the office of

1 Presidency, White House Chief of Staff and the CIA in cooperation with the KGB, to keep this nation
2 under control, to control elections.

3 Nobody gets to the Congress. Nobody gets into the Senate, unless you pass through the professional
4 system, no matter what your beliefs are. We can't live like that, but you can change it for the rest of
5 Americans, our children, our grandchildren. You can make that difference and I'm asking you to do that.
6 Your Honor, those are my statements.

7 **The Court:**

8 Do we want to have a break and then come back and charge the jury or how do you want to do this?

9 **Manning:**

10 I think that perhaps the jury could enjoy a bit of a, a respite, use the bathroom, maybe have something to
11 eat and then is that something you call would want to do.

12 **Several Jurors:**

13 Yes.

14 **Manning:**

15 And then hear the charge or do you want to hear it now. Afterwards?

16 **The Court:**

17 Okay.

18 **Manning:**

19 Then we can recess for a moment.

20 **The Court:**

21 So we'll recess and a...

22 **Manning:**

23 One hour perhaps, judge.

24 **The Court:**

25 One hour, we'll be back.

Manning:

Okay.

1 Lunch recess taken.

2 **The Court:**

3 Please be seated. Good afternoon. Ladies and gentlemen, um because of the ah frail health ah of ah few
4 of the jurors in terms of coming up and down the stairs ah, they're going to view this on Skype ah so that
5 they can um hear the ah charges to the jury and I believe ah Mr. Attorney Counselor _____ ah, they've
6 been provided with copies of the presentment of indictments? The jurors?

7 **Mr. Counselor _____:**

8 [?----].

9 **The Court:**

10 Okay. Because they'll need to have a copy. Um now we've, we've omitted the charges of treason. The
11 charges relating to mail fraud and swindles, conspiracy to commit mail fraud, fraud by wire, radio,
12 television, obstruction of justice, all of these charges relate to the issue of whether or not President Barack
13 Hussein Obama or the alleged President Barak Hussein Obama has lied or acted in any way to hide any
14 facts that would indicate that he is not a natural born citizen. And I would point out that, natural born
15 citizen, is a condition precedent to being the President of the United States. In law, that would be same as
16 ah a lawyer having to be admitted to the Bar in order to be a lawyer, to practice law. If he was never
17 admitted to the Bar, he might be pretending to practice law, but indeed, he would not be lawfully
18 practicing law. He would be guilty of several crimes and he couldn't even be disbarred, because how
19 could you disbar a lawyer who has never been barred in the first place?

20 Likewise, an interesting question arises, if being a natural born citizen is a condition precedent in order,
21 under our Constitution, to be President of the United States, which it certainly is, therefore you cannot
22 even impeach him, since you can only impeach the President of the United States. Just like you cannot
23 disbar a lawyer who was never a lawyer in the first place. And so all the other charges, all really revolve
24 around this issue. And if you find beyond a reasonable doubt that Barak Hussein Obama is not only not a
25 natural born citizen as required by the Constitution, but indeed has acted in any way to hide from the
public that fact, then you must find him guilty. Now the one charge that was reinstated involves sedition
and seditious conspiracy under 18 USC 2384. And um, I'm going to read the presentment--

19 **Speaker 2:**

20 Your Honor?

21 **The Court:**

22 Yes?

23 **Speaker 2:**

24 I understand we're having some technical problems...

25 **The Court:**

1 Oh, okay.

2 **Speaker 2:**

3 ...with the sound in the jury room and I believe they're going to have to ask the jury to come back down
4 to the courtroom.

5 **The Court:**

6 Okay.

7 **Speaker 2:**

8 So you will probably have to start all over.

9 **The Court:**

10 Okay.

11 **Speaker 2:**

12 I'll call the [?--].

13 **The Court:**

14 All right.

15 **Speaker 2:**

16 But ah, would you-- would you order them to come back down and tell them to take their time.

17 **The Court:**

18 Can someone remind me, maybe somebody can remind me what I just said?

19 [Everyone laughing.]

20 Too bad it wasn't taped. Or maybe it was taped, we can play it back.

21 [Conversations off mic.]

22 That would be a good idea actually.

23 **Speaker 2:**

24 Oh, we can do that.

25 **The Court:**

1 If they can...

2 [Recorded proceedings played.]

3 **Speaker 2:**

4 ...here in this room and do their deliberations. We'll just bring and we'll clear this space for them, rather
5 than [?--]

6 **The Court:**

7 Okay. Well those of you are on a diet won't have the opportunity to lose more weight. So you can stay
8 there. Okay, please be seated. If we could replay, if we could replay the part of the charge already, when
9 you couldn't hear me, I'm, I'm just-- I can't repeat the exact same words over again, because I'm not
10 speaking from a script, so I, I felt that they could just replay it, it would be better.

11 [Break in tape]

12 **The Court:**

13 Please be seated. Good afternoon. Ladies and gentlemen, um because of the ah frail health ah of ah few
14 of the jurors in terms of coming up and down the stairs ah, they're going to view this on Skype ah so that
15 they can um hear the ah charges to the jury and I believe ah Mr. Attorney Counselor _____ ah, they've
16 been provided with copies of the presentment of indictments? The jurors?

17 **Mr. Counselor _____:**

18 [?----].

19 **The Court:**

20 Okay. Because they'll need to have a copy. Um now we've, we've omitted the charges of treason. The
21 charges relating to mail fraud and swindles, conspiracy to commit mail fraud, fraud by wire, radio,
22 television, obstruction of justice, all of these charges relate to the issue of whether or not President Barack
23 Hussein Obama or the alleged President Barak Hussein Obama has lied or acted in any way to hide any
24 facts that would indicate that he is not a natural born citizen. And I would point out that, natural born
25 citizen, is a condition precedent to being the President of the United States. In law, that would be same as
ah a lawyer having to be admitted to the Bar in order to be a lawyer, to practice law. If he was never
admitted to the Bar, he might be pretending to practice law, but indeed, he would not be lawfully
practicing law. He would be guilty of several crimes and he couldn't even be disbarred, because how
could you disbar a lawyer who has never been barred in the first place?

Likewise, an interesting question arises, if being a natural born citizen is a condition precedent in order,
under our Constitution, to be President of the United States, which it certainly is, therefore you cannot
even impeach him, since you can only impeach the President of the United States. Just like you cannot
disbar a lawyer who was never a lawyer in the first place. And so all the other charges, all really revolve
around this issue. And if you find beyond a reasonable doubt that Barak Hussein Obama is not only not a
natural born citizen as required by the Constitution, but indeed has acted in any way to hide from the

1 public that fact, then you must find him guilty. Now the one charge that was reinstated involves sedition
and seditious conspiracy under 18 USC 2384. And um, I'm going to read the presentment--

2 **Speaker 2:**

3 Your Honor?

4 **The Court:**

5 Yes?

6 **Speaker 2:**

7 I understand we're having some technical problems...

8 **The Court:**

9 Oh, okay.

10 **Speaker 2:**

11 ...with the sound in the jury room and I believe...

12 [End of recording being played]

13 **The Court:**

14 So I'll continue on. Before I get to sedition, let me just state that the same criteria exists with regard to the
15 various charges against Columbia University. If they were aiding and abetting or part and parcel of the
failure to get the facts to the American people, part and parcel of obstructing the facts, hiding the facts,
16 concealing the facts, not cooperating in the investigation of those facts in any way, then indeed Columbia
is also sharing in that guilt. So with regard to all the charges, other than sedition, ah you would be
17 required to find him guilty of the act of fraud or concealment or hiding or misstatement, and all those
charges, if you will, are, are based on that leg of the foundation. Without that leg, everything collapses.
So that leg is needed for the rest to stand up.

18 Now in terms of the charge of seditious conspiracy under 18 USC 2384, ah it reads, "If two or more
19 persons in any state or territory or in any place subject to the jurisdiction of the United States, conspired
to overthrow, put down or destroy by force, the government of the United States or to levy war against
20 them or to oppose by force, the authority thereof or by force to prevent, hinder or delay the execution of
any law of the United States or by force to seize, take or possess any property of the United States,
21 contrary to the authority thereof, they shall each be fined under this title or imprisoned not more than 20
years or both."

22 Now, I point out that by definition the President of the United States is the Chief Executive Officer of the
23 United States, the CEO if you will, with the power of enforcing the law. So indeed, he certainly has the
power of force, whether it be in the federal troops inside the United States or outside the United States.
24 And um, I'm just going to read to you what the presentment says. This is now not the law. This is the,
the allegation and the presentment of the indictment. It states here, "Barack Hussein Obama did conspire
25

1 with John Deutch, Leon Panetta, Rahm Emanuel and Bill Clinton and did violate the above law in that
2 each has knowingly approved of and participated in a plan known as the Professional System, which was
3 developed for Bill Clinton, with the purpose of developing a KGB type security force to suppress political
4 enemies. In essence, attempting to use the authority of the government, CIA, FBI, to overthrow the same
5 by intimidating and otherwise suppressing opposition.

6 By example, he did authorize without probable cause and did attempt to suppress, hinder, delay and abate
7 the right to free speech of James Manning among others, by causing members of the CIA, FBI and New
8 York Police Force to visit him at a church to question him about his statements in opposition to Obama,
9 with no arrest being made, and no charge of actual criminal activity being given." And that is the
10 presentment with regard to that particular count. And I've instructed you to be provided with the whole
11 presentment of indictment, so you can read it for yourself. Obviously, no one, including me, could
12 memorize what it says. So you'll have it there so you can refer to it whenever you want. I'd like to thank
13 you for your service.

14 It is certainly beyond the call of duty as they say, and I don't mean that as a cliché or a bromide, but I
15 mean it sincerely. Um without people like yourself, this country would never have come into existence
16 and it will surely perish. Thank you. I think we can leave the jury to deliberate.

17 **Speaker 2:**

18 Okay. Thank you, Your Honor.

19 [Pause in tape]

20 **The Court:**

21 Sure. One of you will have to give oxygen to anyone who needs it. Okay. Sure.

22 [Pause in tape]

23 [Proceedings resume]

24 **The Court:**

25 Please be seated. It has been brought to my attention that after more than three hours, three somewhat
hours and change of deliberation, the ah jury has ah reached a verdict and ah Mr. Foreman, ah would you
please ah tell the Court ah what your verdict is.

Foreman:

Your Honor, do you want me to present the verdict to you or do you want me to give it to the Bailiff?

The Court:

Um, give it to the Bailiff and I'll be able to read it. I assume it's legible so I can...

Foreman:

1 Yes, sir.

2 **The Court:**

3 Okay.

4 **Foreman:**

5 And Your Honor, if I will, when the verdict is read, we have a statement we like to read subsequent to the verdict.

6 **The Court:**

7 Okay. Okay, I have the jury's verdict. Um...

8 On Count 3, against Barak Hussein Obama, guilty.

9 On Count 4, conspiracy to commit mail fraud against Columbia University, guilty.

10 On Count 5, fraud by wire, radio, television against Barack Hussein Obama, guilty.

11 On Count 6, conspiracy to commit fraud by wire, radio, TV against Columbia University, guilty.

12 On Count 7, obstruction of justice against Columbia University, guilty.

13 On Count 8, conspiracy to defraud the United States government and obstruct justice against Columbia University, guilty.

14 Then ah there were a number of ah espionage counts that were deleted. So we move to ah Count 13,
15 disclosure of classified information against Barak Hussein Obama, guilty.

16 Count 14, conspiracy to disclose classified information against Columbia University, guilty.

17 Count 15, government seals unlawfully used against Barack Hussein Obama, guilty.

18 Count 16, conspiracy to violate 18 USC 1017 against Columbia University, guilty.

19 Count 17, violation of New York State education law, Section 224, against Barack Hussein Obama,
20 guilty.

21 Count 18, violation by Columbia University of the New York State education law, Section 224, guilty.

22 Count 19, against Michael Sovern (ph), with collusion and conspiracy relative to the crimes delineated in Sections 4, 6, 7, 8, 10, 12, 14, 16, and 18, guilty.

23 On Count 20, sedition against Barack Hussein Obama under 18 USC 2384, guilty.

24 So the jury has found both defendants ah, Sovern, Columbia, and Barack Hussein Obama guilty and ah
25 the foreman has notified me they'd like to read a ah statement, which I'm permitting.

1 **Foreman:**
2 Your Honor, I can present the statement to you, it's a short sentence and you can read it or I can read it.
3 **The Court:**
4 You can read it.
5 **Foreman:**
6 What would you prefer?
7 **The Court:**
8 It's okay for you to read it.
9 **Foreman:**
10 Okay. Due to the seriousness of these crimes, we, the Jury, unanimously recommend that the United
11 States Congress act on the findings of, we, the People's Court, without delay.
12 **The Court:**
13 Thank you.
14 **Foreman:**
15 Thank you, Your Honor.
16 **The Court:**
17 Thank you. Well, all I can say, um, as someone who has just spent quite a few days here, I suspect it's the
18 most days in a church I'll spend ah could be ah quite a long time before I ah do that again. Um, like to
19 thank everybody involved to-- particularly counsel and certainly the incredibly dedicated people on this
20 jury who have traveled in many cases, thousands of miles to be here, to the people who attended, and to
21 the ah people of the ATLAH Church, the members, ah it has been a great, humbling education for me to
22 be in your premise-- presence rather and on your premises. And ah all I can tell you is ah whatever ah
23 you've been drinking, keep drinking it, because-- and ah tonight, I have to be in synagogue because um it
24 is the beginning of the Jewish holiday of Shavuot which commemorates the handing of God's Holy Bible
25 to the Jewish people and ah, isn't it interesting that um it's at the exact same time as the end of this trial.

And it's also interesting that the Hebrew language, which is the one language that was not invented by
man, has no word for coincidence. I always say it's ah God's way of working anonymously. So on those
words ah, I ah bid you adieu and ah commend you for the terrific work you've done and quite frankly for
the terrific people all of you are. Have a good evening.

[Applause]
